REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicants declaration has distinguished the present invention from JP '675 which does not qualify as prior art, since it has established invention by applicant of the claimed compounds, prior to the publication date of the JP '675 reference. By typographical error, the claims were originally rejected under 35 USC 102 (e), wherein 35 USC 102 (a) was meant to be used. The declaration is effective for such rejection under 35 USC 102 (a), and thus disqualifies JP '675 as prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
